Reddit Help › Submit a request

Submit a request

Please review the Responsible Builder Policy before submitting a ticket, the policy and submission details will help inform eligibility.

What do you need assistance with?

API Access Request	▼

Your email address

	•••

Please submit this form from a university-affiliated email address or your request will be denied.

Which role best describes your reason for requesting API access?

I'm a researcher	▼

Reddit account name

Educational institution

Location of educational institution (Country)

Research purpose

Submit a detailed proposal outlining your research purpose, specific data requirements, and ethical considerations.

Do you require direct database access?

No	▼

What is your project's estimated timeline and current status?

☐ I understand that my research must be non-commercial and for academic purposes only.

If granted access, I agree not to perform any content manipulation on the site including submitting posts, comments, or upvoting through the API.
